

# Mobility/Travel Training Pre-assessment Form

Applicant Name:

The Mobility/Travel Training department works to increase the safety and independence of the students that they teach. We cover lots of different skills including managing money, crossing roads, catching buses or for some of our students with a visual impairment using a cane. Each student is different and just how independent they become will differ. However far they can go, we will help them to get there.

To help us make the right decisions about whether they need training or what type of training would be best please could you briefly answer the questions below. Thank you.
