STUDENT COURSES

Vocational Health and Social Care - OCR Cambridge Advanced National Level 3

Programme Outline:

Our Cambridge Advanced National in Health and Social Care (H025 / H125) programme is designed to develop the knowledge, understanding and practical skills needed for progression to undergraduate study and careers within health and social care. The qualification includes a mixture of external examinations and internally assessed coursework.

Certificate in Health and Social Care

This qualification provides a strong foundation in health and social care. Students will explore key topics including:

- Equality, diversity and rights
- Health and safety in care settings
- Person-centered approaches to care
- Mental health

Extended Certificate in Health and Social Care

The Extended Certificate builds on the Certificate and offers a broader and more in-depth understanding of health and social care. In addition to the core topics, students may study:

- Anatomy and physiology
- Long-term physiological conditions
- Public health strategies
- Sexual health
- Nutrition and healthy lifestyles

The Level 3 Extended Certificate qualification is equivalent to one A level and supports progression to higher education when combined with other Level 3 qualifications.
