REVOLUTION ADVANTAGE™

**Carbon Fibre**

Used and acclaimed worldwide, the Advantage Carbon Fibre Canes are designed to provide optimum balance, ensuring ease of use and comfort for all users.

- **Lighter Weight**  
Weighing just 216 grams at 90cm, our canes are lighter but stronger, more rigid, and more durable than traditional aluminium canes.
- **Greater Sensitivity**  
The carbon fibres transmit superior 'feel', improving the overall user experience.
- **Highly Reflective**  
Be seen at night, ensuring your safety while out and about.
- **12-Month Warranty**  
All white canes come with a full 12-month warranty for peace of mind.
- **Impact Absorbing Shock Rings**  
At each joint to enhance feel and durability.
- **Precision Ground Joints**  
Ensures smooth operation with no sticking or difficulty when folding.
- **Colours Available on Request**

**Optional Tips Available:**

Standard Tip	Teardrop Tip
Metal Tip	Jumbo Roller

Our canes are crafted with high standards, challenging conventions to provide a reliable product that meets your needs and expectations.

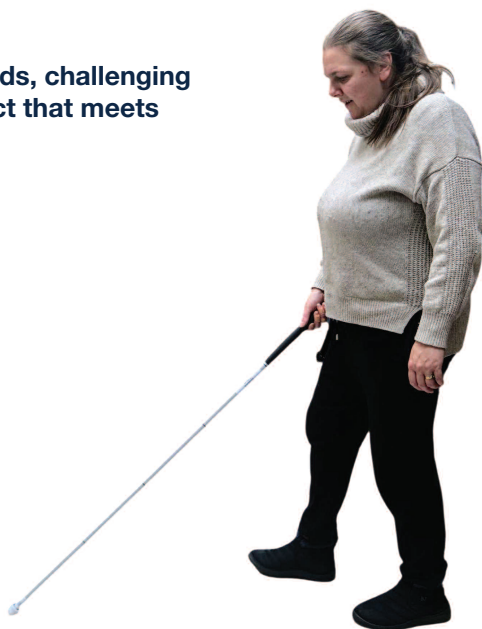

## Testimonials

*"I can honestly say Carbon Fibre Canes are the lightest I have ever seen on the market, and this is the main reason I have continued to use them over the years over any other material."*

*"They are very durable and because of their light nature, tend to be easier on the wrist, which is hugely important when you are using them for long periods of time."*

*"I really enjoy using the Carbon Fibre Cane, it is significantly lighter which is great for me as I am a high-volume cane user so due to my weak wrists, I need the material to be as light as possible."*

*"I also find it easier to walk with due to it being lighter and it seems to be able to take a lot more wear and tear."*
